Décaféiné (Water Process Decafinated Blend)

French-English Translation: De-Caf

Created as a Decaffeinated Espresso; Notes of rich drinking chocolate with hints of cinnamon in the finish.

Brewed as a drip Coffee this blend has flavours of caramelized cherry rounding into deep cocoa notes in the finish making a very rich satisfying Coffee experience without the jolt.

The Water Process method ensures that no chemicals are used in the decaffeination process.

"Life is good"! Without Caffeine!

Offered @ \$22.95 For A full Pound 454g.

FEATURED ESTATE COFFEE'S

Our Medium Roast Rwandan coffee recently scored 90 pts by **Coffee Review.com**.

Tasting notes: Dark Chocolate and sweet pungent grapefruit in aroma and cup.

Background notes include gently scorched cedar.

Aftertaste: Sweet with a dry finish

Bufofcafe Co-operative of Rwanda reinvests in its farms and farmers. Last year's premiums improved the washing station meaning the beans can now be fully washed, providing a cleaner, more flavourful brew.

Premiums also improve processes by which waste water is now cleaned by a ground filtration system specifically designed for agriculture.

Offered @ \$Market price 8oz. Bag 227g.
